SEDONA

SLATE

See detailed chart on the other side for color availability.

Colors shown might not match product colors exactly. Photographic and printing processes are not capable of reproducing all product colors. Due to manufacturing processes, colors might also vary between production runs. Please visit your landscaping products supplier to view actual product samples.

IMPORTANT: Pavers with textured surfaces (high and low points) are more susceptible to scuffing. Willow Creek strongly recommends the use of a protective pad between the compactor plate and paver surface. Willow Creek is not responsible for compactor scuffs.
